YAG mep

Palombia is a merciless jungle where you'd be killed for a pound of flesh.

It's a perpetual chaos where the strong eats the weak...

But here, Green's Hideout, it's my territory.

This area is under my protection. Jungle rules no more.

I'm out of Nature and its laws. I play the game in my own way!

Something hostile is just lurking on the moist soil of my kingdom...

A particularly vicious and dangerous predator

He's mine !

TODAY IS THE DAY !
I'LL SHOW THEM THAT
"IT" EXISTS !

I'VE LOST MY
HUNTING LICENSE 'CAUSE
OF THIS CREATURE !
EVERYBODY TELLS ME
I'M MAD...

THEY WON'T
LAUGH THAT HARD
WHEN I'LL BRING
IT BACK !

I'M NOT SUPPOSED
TO GO THIS FAR WITH
YOU, M. BACKALIVE

COWARD !
IT'S JUST A CLEVER
ANIMAL, NOT A
DEMON...

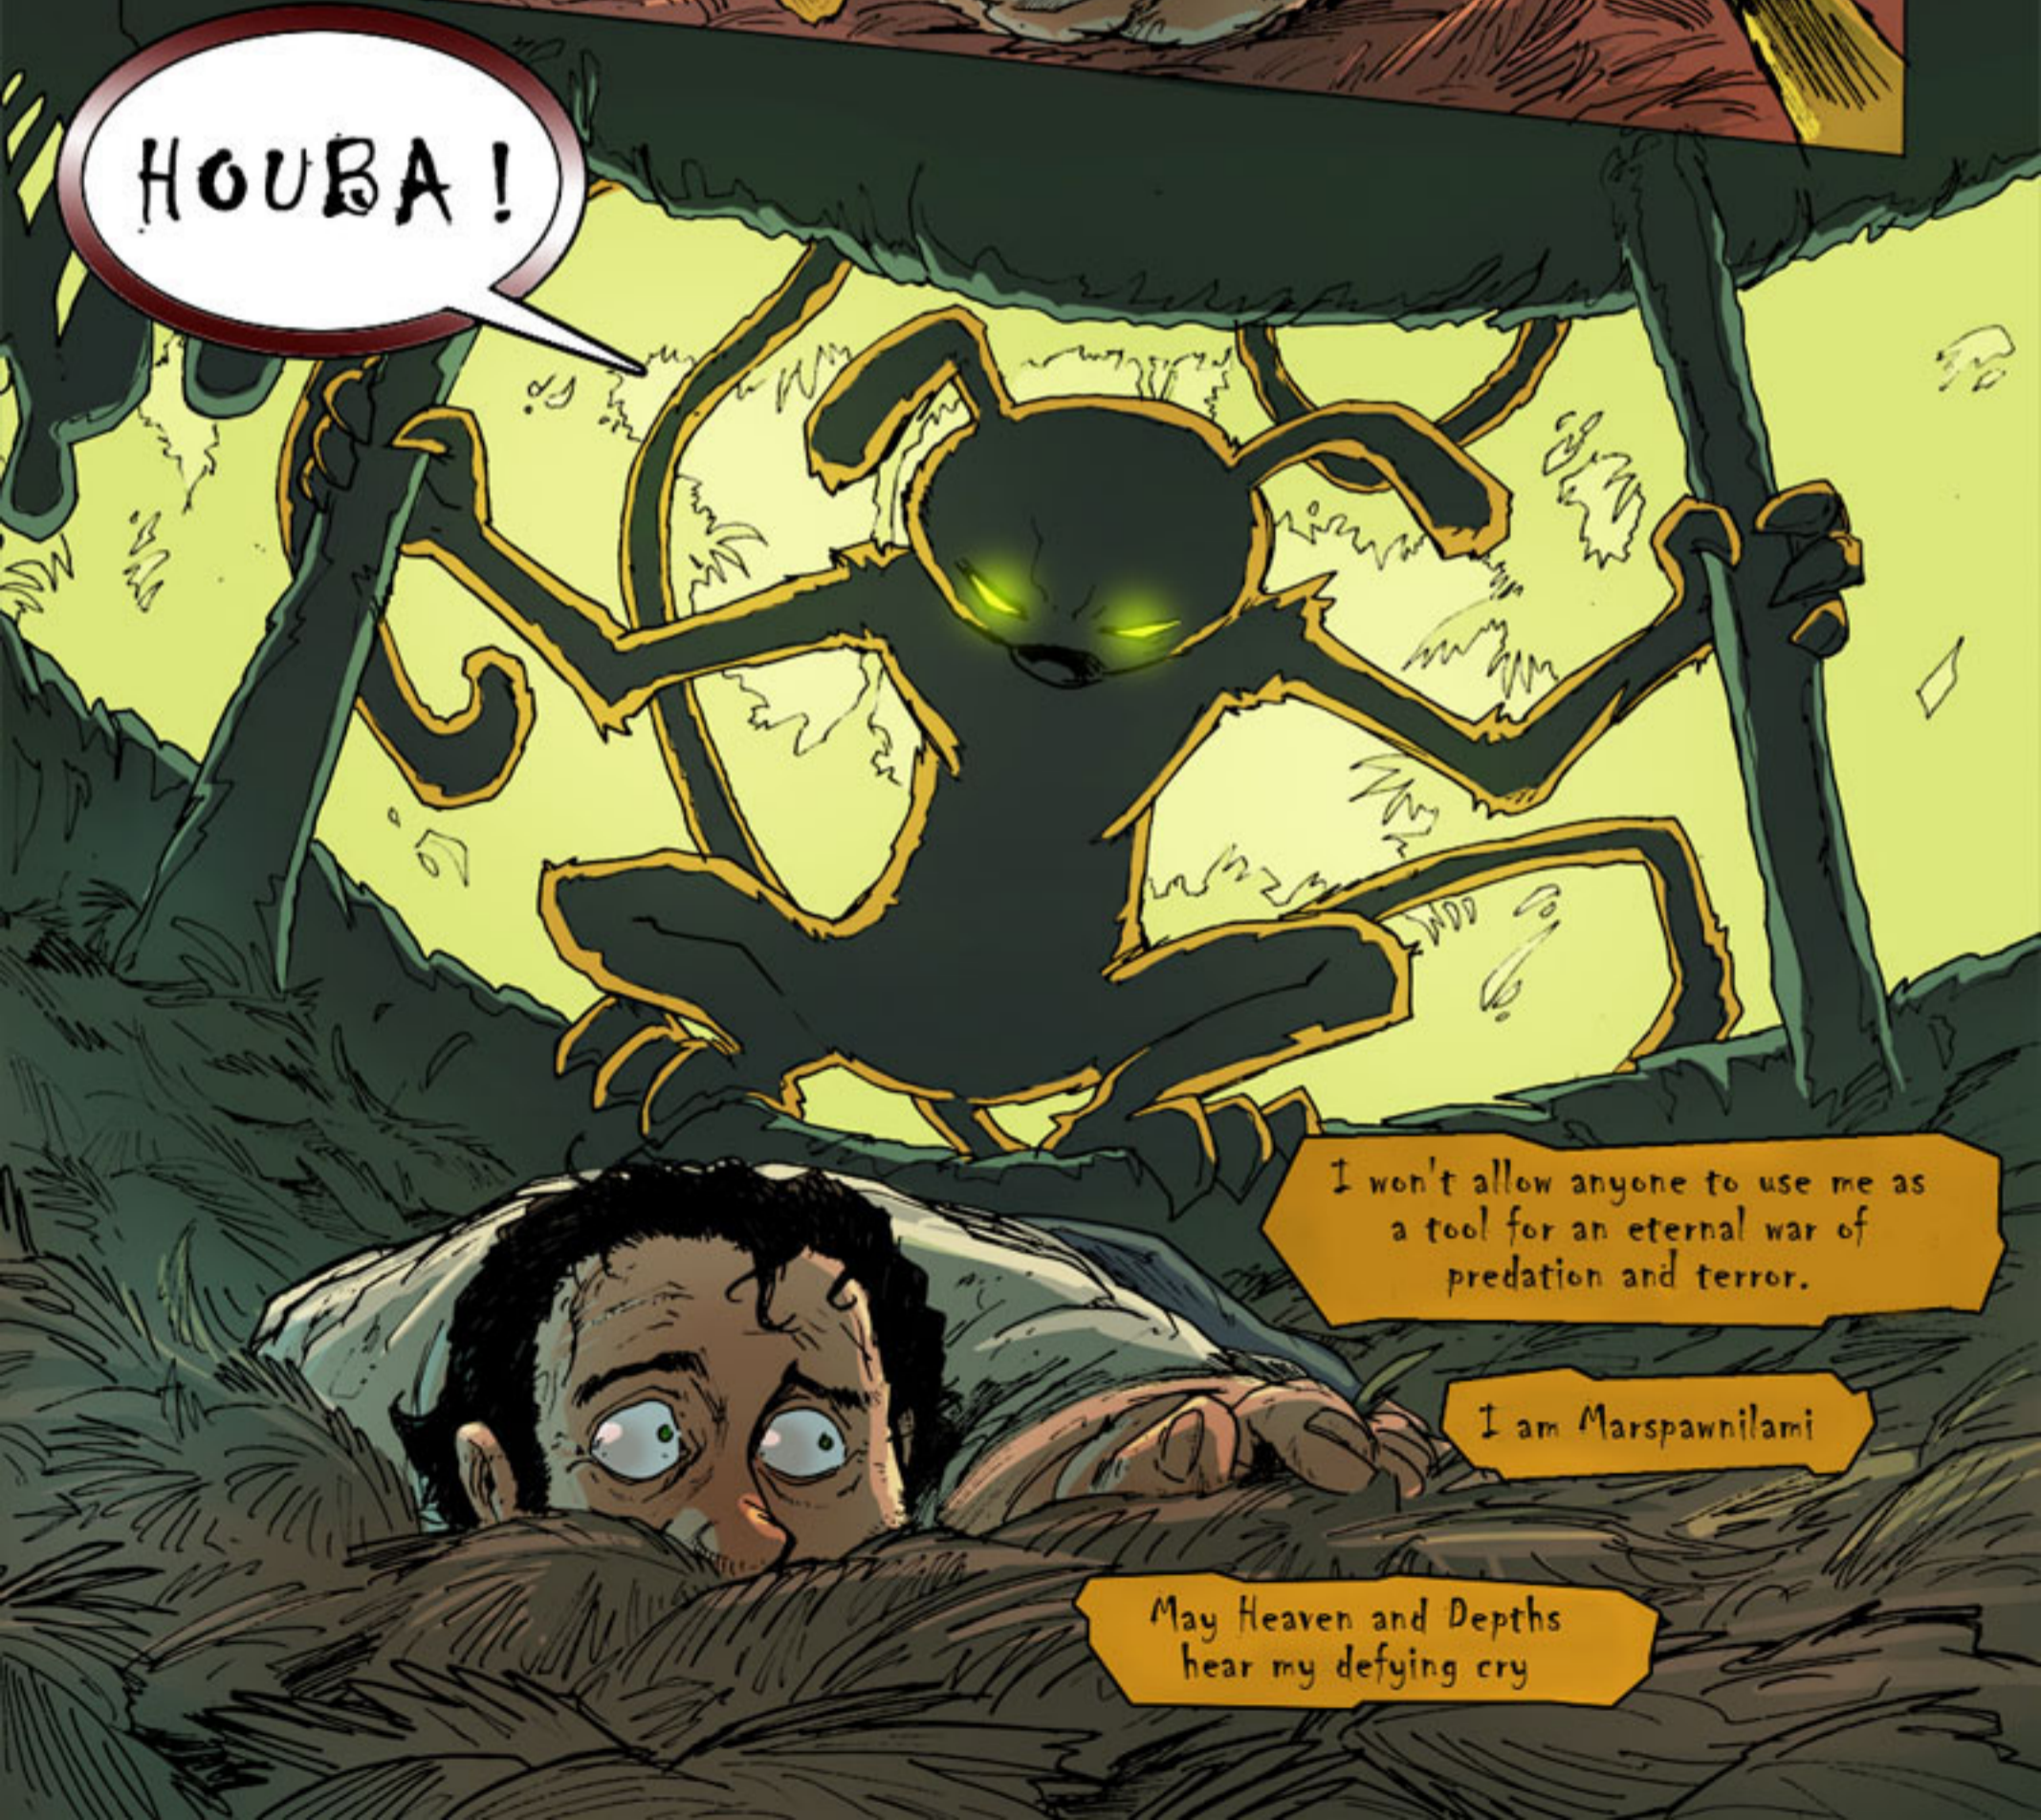

It is my territory !

I decide who should live or die.

HOUBA!

I won't allow anyone to use me as a tool for an eternal war of predation and terror.

I am Marspawnilami

May Heaven and Depths hear my defying cry

WHAT A HELL ! WHAT I'VE DONE !

DAMNED MARSUPIAL ! WHEN I'LL GET YOU IN MY SIGHT, BE SURE YOU'LL...

Your turn, hunter !

CRACK !

SUFFER !

ROOOAR !

My old enemy. The jaguar.

SHHARRP!

HOUBA!
HOUBA!

A monster created by Nature. A Last Circle Lord.
My tail reacts almost instinctively.

VLAM!

The hunter witnesses all.
Little puppet of forces
he can't understand

This is my warning

A dark, dense forest scene with a yellow monkey-like creature and a spotted dog-like creature. The monkey-like creature is on the left, looking towards the right. The dog-like creature is on the right, looking towards the left. The forest is filled with dark, gnarled trees and thick foliage. The lighting is dim, with some highlights on the ground and the creatures. The overall mood is mysterious and slightly ominous.

I am Marspawnilami. King of the deep forest.

Houba !

And the rules have changed.
